INDEPENDENT EXHIBITOR NETWORK

The Film Cooperative is a network of over 120 independent cinema websites. It offers distributors the opportunity to promote their films in prominent positions on both mobile and desktop sites, using sales-driving ads that link directly to booking. Film and lifestyle orientated brands use the network to cost-effectively reach a highly engaged online film audience.

In addition to running the advertising we can also act as a single point of access to these cinemas for distributing trailers, social media assets and leveraging added-value coverage for films and brands.

INDEPENDENT EXHIBITOR NETWORK

This delivers **over 17m ad impressions** per month and regularly achieves clickthrough rates of **0.7% - 1.5%** indicating that consumers find the ads highly motivating and relevant. We have run successful campaigns for all the major distributors - **Paramount, Warner, Fox, Disney, Sony** and **Universal** and for Entertainment and Canal among others.
